

## **Production Manager**

Renold Gears have a vacancy for a talented and innovative Production Manager at our Milnrow facility on a full time basis. This is an exciting opportunity for an experienced Production Manager to join us and really transform our production operations.

### **Your new role**

Reporting to the Manufacturing Director, you will lead, manage and develop the factory Departmental Coordinators to enable the business to improve lead times ensuring adherence to schedules and optimising manufacturing efficiencies giving an overall improvement to OTD in line with company targets. You will promote a Lean Manufacturing approach throughout the factory, employing best practice to eliminate waste, improve product flow and standardise working practices.

### **What you'll need to succeed**

Previous experience of managing a large production workforce in a high volume manufacturing environment. You will possess excellent leadership, organisational and time management skills. The successful applicant will have a previous knowledge of driving change management, implementing continuous improvement initiatives and Health and Safety management experience.

### **What you'll get in return**

You will be offered a highly competitive salary and performance related bonus, the opportunity to personally affect positive change in a transforming company and excellent opportunities for career development. You will have the support of a team that all work towards reaching the company goals.

### **What you need to do now**

If you're interested in this role, please forward an up to date copy of your CV to [gears.recruitment@renold.com](mailto:gears.recruitment@renold.com).

**NO AGENCIES PLEASE**
